Hobby Horse Pacifica Tuni - Click for larger image3. Hobby Horse Pacifica Tunic

Longer silhouette tops with bold and quirky trims are a strong trend for 2010; the turquoise Pacifica Limited Edition tunic pairs with black chaps and almost any horse color.

\$199

Color: Turquoise

www.hobbyhorseinc.com

Hobby Horse Rhiannon Tunic - Click for larger image4. Hobby Horse Rhiannon Tunic

This year's show apparel must fit trimly, but softer fabrics, like the chiffon sleeves on the Limited Edition Rhiannon Tunic, add a feminine touch. Note color coordination of saddle blanket and rider's top for a show-stopping impression.

\$199

Colors: Turquoise, Lime, Orange

Passeio Breech - Click for larger image9. Irideon Passeio Breech

Smooth Coolmax fabric combined with Cadence stretch-cord side panels to add compression for support and stretch for flexibility and wider range of motion.

Developed with the ultimate in performance and style in mind, the innovative cut and compressive cadence® integration create this advanced, show-ready breech. Smooth Coolmax fabric with flattering side panels provide maximum support and added flexibility, and the chamisof knee patches or full seat option offer no-slip security in the saddle. The finished waistband with belt loops, side-zip hidden in the seam with hook & bar closure, and two front stash pockets make this a first-place look that will score with riders and wow the judges. Made in the USA.

Mountain Horse Peak Protector - [Click for larger image](#)12. Mountain Horse Peak Protector

This super sturdy pull-on work boot with a steel toe cap combines new slim sole technology for a boot that is both slender and provides protection for your toes. Durable full grain leather upper. Hard wearing rubber outsole resists oil and acid. Air-blown EVA mid-sole offers maximum shock absorption. Steel shank for stability. Removable two-layer insole. Non-dirt collecting tread zones improve contact with the stirrup. Elastic stretch gore panels on both sides of boot ensure a comfortable fit. The Peak Protector meets the EU CE (EN-20345) requirements for protective boots. Leather is treated with water repellant Mountain Horse Leather Protector.

Heritage Performance Gloves - [Click for larger image](#)15. Heritage Performance Gloves The Heritage Performance glove offers a comfortable custom fit with stretchable and durable Lycra material. The elastic cuff and adjustable strap closure securely hold the glove on your hands. This glove is also made with our exclusive Heritage “Super Grip” synthetic grain leather, which securely increases your sensitivity control and grip of the reins. This special material is also machine washable. We use only the best materials available. “Rein Cut” design removes the bulky seam and materials between your fingers to allow you to flex your fingers unrestricted and comfortably while maintaining sensitivity and control of your reins. This area is also reinforced with a second layer of protection against wear. In addition, a second layer of protection is also added to the thumb to protect against wear. All critical outward seams are double stitched to extend the life of the glove. ID label allows the gloves to be personally identified by the rider. These gloves perform well for all forms of Schooling, Training, and Pleasure riding.

Heritage Ultralite Gloves - Click for larger image16. Heritage Ultralite Gloves

The Heritage Ultralite gloves offer a lightweight and comfortable fit. They are made with breathable dimple mesh material to conform to your natural hand shape while providing ventilation. This glove is also made with Heritage breathable "Super Grip" synthetic grain leather, which helps to increase your sensitivity control and grip of the reins. "Super Grip" is designed to be breathable and permeate the perspiration from your skin out at the same time it is maintaining a perfect grip. This special material is also machine washable. "Rein Cut" design removes the bulky seam and materials between your fingers to allow you to flex your fingers unrestricted and comfortably while maintaining sensitivity and control of your reins. This area is also reinforced with a second layer of protection against wear. In addition, a second layer of protection is also added to the thumb to protect against wear. All critical outward seams are double stitched to extend the life of the glove. Our slip-on style cuff makes this glove easy to put on and take off. These gloves perform well for all forms of Showing, Schooling, Training, Competing, and Pleasure riding.
