

## Gaits of the Paso Fino

One step, two step, three step, four. See and hear the unique four-beat lateral gait of the Paso Fino in this exclusive video. The Paso Fino's four-beat lateral gait comes naturally to the breed and can be performed at three different speeds and degrees of collections, known as the Classic Fino, Paso Corto and Paso Largo. The video gives you an introduction to the Paso Fino's gait, with demonstrations of these three variations. Observing the rhythm and cadence of the breed's gait makes it easy to understand why the Paso Fino is a comfortable mount on trails and a facinating horse in the show ring.
