30 Best Horse Books

Ask a group of horse people from anywhere across the country to talk about their favorite horses and you may be surprised to hear the same names mentioned again and again. Why? Because memories of horses we've read about in books can be almost as powerful as the ones we've encountered in real life. Misty, Mokey, The Pie, Ready Penny... If you're not feeling nostalgic yet, then you'd better get down to your local library and check out some of the books we've chosen as all-time horsey classics.

30 Best Horse Movies

Since the days of the classic western movies, horses on the silver screen have inspired many a lifelong love affair with horses. Whether the equine actors have a starring role in the story or merely add to the appeal as supporting cast members, the horse movies on our list cover a wide range. Pass the popcorn, and enjoy!

30 Best Horse Songs

And while for equestrians, it's horses that soothe our savage souls, music about horses—or that we pretend is about horses—is a close second. From classics like *The Old Gray Mare* to songs about wild horses by supergroups like the Rolling Stones and U2, we've compiled a list of horse songs that's sure to get you humming.
