Sub-Compact Tractors (Under 30 HP)
Kioti CK27 - [Click for full-sized image](#)

KIOTI CK27

The KIOTI CK27 is a smaller yet well-powered tractor that offers great maneuverability and fuel economy. It is available with a choice of either hydrostatic or synchro shuttle transmission for a wide range of applications. The machine is powered by a 28 hp engine that develops up to 21.7 hp PTO horsepower. A CAT I three-point hitch is standard. A wide range of attachments and implements are available. This quality tractor is covered by KIOTI's industry-leading four-year, full fleet warranty. For more information, visit www.KIOTI.com or call toll free 1-877-GO-KIOTI.

McCormick CTJ - [Click for full-sized image](#)

McCormick CTJ

The McCormick CT Series of compact tractors features eight models ranging from 28 to 57 HP. Standard features on the McCormick CT Series tractors include adjustable steering wheel, cruise control, independent, electro-hydraulic power take-off (PTO) and a highly-responsive hydraulic system for operation of attachments. The CTJ series of sub-compact tractors features 23-27 HP with 18.5-21.5 PTO. You expect nothing less, and McCormick continues to deliver after more than 175 years. McCormick designs and builds its tractors to the highest standards to help make certain your compact tractor will provide years of exceptional performance. The extensive dealer network is handpicked to provide unsurpassed support before and after the sale. Learn more at www.mccormickusa.com

Cub Cadet Sc2450 - [Click for full-sized image](#)

Cub Cadet Yanmar Sc2450

Cub Cadet Yanmar is expanding its line of Sc Series sub-compact tractors with the introduction of its 24 HP Sc2450. The all new Sc2450 combines all of the innovations found on the Sc2400 with the addition of an integrated backhoe and loader. It's powered by a 3-cylinder, liquid cooled, 24 HP Yanmar diesel engine and offers big tractor features like CCY's patented Shift-On-The-Go® technology, dual hydraulic pumps for smooth, precise operation along with an integrated backhoe, float control and easy-to-use 4-point mounting system. The Sc2450 is the perfect product for a variety of professionals and can handle anything from trenching and grading to light excavation, landscaping and lawn care. For more information on the Sc2450 or any of the products offered by Cub Cadet Yanmar visit: www.CubCadetYanmar.com

Cub Cadet Sc2400 - [Click for full-sized image](#)

Cub Cadet Yanmar Sc2400

Designed for users wanting more power and versatility than a garden tractor, but not quite ready for a bigger compact utility tractor, the Sc2400 solves the problem. Powered by a 24 HP Yanmar diesel engine, air enters at both a higher volume and greater pressure to create a better fuel mixture. The Sc2400 also features "Shift-On-The-Go" transmission allowing the user to change ranges without stopping the tractor while easy-to-use selectable cruise control allows the user to set the ground speed as needed. Additionally, the Sc2400 features a two-pump assembly to result in on-demand power that doesn't back down while running the tractor and implements at the same time. For more information on the Sc2400 visit: www.CubCadetYanmar.com

[TYM T293 - Click for full-sized image](#)

TYM T293

Protecting yourself from the elements while working outside has always been a task. Tractor Attachments

John Deere - 305 Loader - [Click for full-sized image](#)

John Deere 305 Loader

The model 305 Loader is compatible with the 3032E, and 3038E Tractors and features a Quik-change attachment carrier allowing for fast and easy removal/mounting of attachments without tools. Great for transporting feed, rock, gravel, sand, soil and so on. For more information or to find a dealer, visit deere.com

Frontier AB 13 Series Bale Spears

Frontier AB13 Series Bale Spears

The AB13 Series Bale Spears feature hardened steel, replaceable tines and are equipped with a Quick-Change or Global, and Quick-Attach attaching system. These systems save time and allow easy attachment for the operator. It also features a tubular design making it extremely strong and durable. Visit deere.com

John Deere 72D AutoConnect Mower - [Click for full-sized image](#)

John Deere 72D AutoConnect™ Mower

The next generation in ease-of-use, mid-mount mower attachment technology. The AutoConnect feature automatically connects the mower deck to the tractor and hooks up the difficult-to-reach PTO shaft simply by driving over the top of the mower. This means consumers can install their mower deck in seconds without leaving the tractor seat, virtually eliminating all frustration typically associated with this task. Visit deere.com
