

It's Never Too Late ...

Mature equestrians prove that riding isn't just for kids.

By Kara L. Stewart

June 2007

If you are passionate about horses, you know that it's an affliction that never really goes away. It may lie dormant for years while life's other responsibilities—work, family, finances—take center stage. But for some people, the passion re-emerges in life's later years with ferocious strength ...
