

## FOSH Offers Free Video Evaluation

**Gaited horse owners can get feedback from a licensed Independent Judge's Association judge.**

01-26-2007

Own a gaited horse? Friends of Sound Horses (FOSH) is now offering a free video evaluation service. Those interested can have a licensed Independent Judge's Association judge privately view their video and give feedback to help identify their horses' gaits. The judges can also help guide participants about divisional standards at FOSH shows or any shows using the FOSH/IJA Rulebook.

FOSH, a national organization that promotes the humane care, treatment and training of gaited horses, is extending this offer to all gaited horse owners.

For more information, including the form needed to submit with your video, visit [www.fosh.info](http://www.fosh.info).
