

## Nokota Horses to Star at Breyerfest

**This summer, the Nokota horse will shine as Breyerfest's featured breed.**

01-31-2007

It's been announced that the rare Nokota horse will be the featured breed at this summer's Breyerfest. The annual model horse extravaganza, which melds collectible horsekeeping with real-life equines, will be held in July at Kentucky Horse Park in Lexington, Ky. Breyer has also commissioned a special model of a blue roan Nokota stallion. A portion of the proceeds from the sale of the model will go directly to the Nokota Horse Conservancy to help protect and sustain the endangered breed. For more information on the Nokota horse, visit [www.nokotahorse.org](http://www.nokotahorse.org).
