

Deworming Pays Off Big Time

High school senior Jonah Christensen takes home a new truck.

03-12-2007

Does it always seem like someone else wins the grand prize and you're left with nothing but a ticket stub? Try to contain your frustration and share a congratulatory smile with Jonah Christensen of Salt Lake City, Utah. He won the grand-prize of the Zimectrin Gold Drive Home the Gold giveaway. Christensen will drive home a new 2007 Ford F-250 truck worth approximately \$32,000. He was randomly selected from more than 6,000 entries, and will receive a diesel 4x4 crew cab equipped with a towing package.

Zimecterin Gold is a broad-spectrum dewormer for equines, effective against internal parasites, including tapeworms.

Christensen shows his double-registered Paint and Quarter Horses at shows across the country. He entered for a chance to win the truck in June at the Redbud Spectacular horse show in Oklahoma City. As a senior in high school, Christensen plans to take his truck to University of Utah in the fall.
