Lynn Palm, internationally acclaimed equestrienne and founder of Palm Partnership Training in Ocala, Fla., presents her horse and rider training programs on NickerNetwork.com.

Palm's current NickerNetwork shows include "Natural Balance" and "How to Get the Proper Lead."

"Using the Lynn PalmTV programs as 'private lessons,' horse lovers all over the world can improve their riding and their horses' performance by simply investing a few minutes watching the NickerNetwork.com programs," Palm says.

"I chose the 'Natural Balance' program to share with horse enthusiasts because all riding disciplines benefit from having the horse and rider in natural balance. The 'How to Get the Proper Lead' show was selected as many riders have challenges getting the correct lead with their horse."

"I'm very excited about helping fellow horse lovers achieve their riding and training goals through my LynnPalmTV shows on NickerNetwork.com," Palm says.
