

Morgans Benefit from Booking Travel Online

Travel arrangements can now save you money and aid the AMHA.

07-02-2007

The American Morgan Horse Association has aligned with the YTB Travel Network, to form an internet-based discount travel service that gives a percentage of the booking fees to the AMHA. The site, www.morganhorsetravel.com, works like similar discount travel websites, allowing individuals and groups to book travel arrangements, event tickets and other travel related services. By choosing to book online travel arrangements through the site, the AMHA receives a small commission from their purchase. There are no additional charges and in most cases rates found on the website are comparable or even lower than those found on other travel booking sites.
