

Saddlery Discount Available for USEA Members

USEA members save 5 percent with Bit of Britain Saddlery.

06-28-2007

Bit of Britain Saddlery and owner John Nunn, decade-long sponsors of all things eventing-related, recently partnered with the U.S. Eventing Association (USEA) on a brand new venture: a members' benefits program. This program rewards eventers who purchase Bit of Britain products from their website, www.bitofbritain.com, and at the same time also supports the USEA and its various ventures.

With this new benefits program, USEA members will receive five percent off of their on-line Bit of Britain purchases. Getting the discount is easy. When you check out, simply enter your USEA member number in the coupon code box, hit "recalculate" and you'll see your five percent discount appear.
