Here are some photos from my trip to Graceland.

The famous pink Cadillac.

My parents in front of the Lisa Marie plane, complete with a TV room, bedroom, bathrooms and dining area!

A Horse Illustrated reader asked for my autograph!

Fans of Elvis have covered the brick walls in front of Graceland with their names.

The famous front gates of Graceland.

The Graceland house.

Me and Graceland's two rescue horses, Max and Bandit.

I'm standing with Candy, an 18-year-old Tennessee Walking Horse; Alene Alexander, Graceland's stable manager; and Kelli Kirelawich, a stable associate.
